## Experience

### Print + Digital + Motion Designer | Entrepreneur Media

Irvine, CA | Jan 2018-Current

Responsible for an array of design projects ranging from full-page print ads for the *Entrepreneur* magazine to webpage layouts and motion graphics for marketing. Developed a design system to increase productivity and consistency amongst our design team.

### Print + Digital Designer | Von Sands Creative

Aliso Viejo, CA | 2014-2017

Interfaced with cosmetic brands to gather requirements for print packaging and Shopify storefront designs. Introduced Invision to our review workflow significantly improving client relationships.

### Web-Dev Intern | Scripps Institute of Oceanography

La Jolla, CA | Summer of 2010

Assisted in the migration and grouping of information for the Scripps website to the Drupal CMS. Utilized HTML and CSS to fix minor display inconsistencies.

## Projects

### Lead Web Designer | Usable.tools by Internews

Washington, DC | Dec 2018 - Current

Reorganization and large-scale redesign of Usable.tools, a project aimed at connecting at-risk communities with digital security trainers and security tool developers. Phase one is now live.
